

Night of Museums

During the Nights of Museums, the ‘Beyond the Lab’ exhibition will remain open late into the night. By welcoming the public during the night, we will invite them to visit the exhibition in a different, unusual, and more sensory way. Many animations, workshops, and a guided tour will await the audience.

The program:

16.30–20.00 TEDxConversations science filmclub

16.30–20.00 e-NABLE Workshop for children: Designing a robot hand (English and Hungarian)

17.00–18.00 Science Espresso: „Go and make it! The DIY and the makers: new innovation approach” (Hungarian)

18.30–19.30 Science Espresso: Learning outcomes of citizen science (Hungarian)

Please note that the location is a 5-10 mins walk from the conference venue.
