

## **Upcycling workshop with cafe capsule**

*Gabriella Kiss*

Upcycling workshop with cafe capsules. If we don't want more waste, we can upcycle materials like aluminium capsules. In this workshop we create new products, especially jewellery, from waste. We offer the opportunity to be creative and use raw materials to try your chic. You can create rings, necklaces, earrings from capsules by yourself. We bring everything for the workshop.

Participation fee: 1000 Ft for the tools and parts.
